Subject: Application Key Account Manager - Letter of Motivation

Dear Madam/Sir!

I am so glad I found your job ad for a Key Account Manager. I really would like to work for Raxa Pharm in this role and herewith apply with my CV attached.

At present, I am with Depio Pharma Ltd. as Executive Biopharmaceutical Representative for innovative biotech products since approximately 3 years. In this function I could make a very positive impact on sales figures ultimately resulting in an internal corporate sales award as a corporate recognition. I can offer a valuable network of key players, including pharmacies and doctors in the southern region of Austria.

I am now looking for a next professional challenge in which I can demonstrate my competencies and develop further. I do observe Raxa Pharm research and product releases since a few years and would like to be part of your team as Key Account Manager.

I hope you think my profile is interesting and hope you will invite me for an interview.

I remain with kind regards.

Sincerely,

George Sample
